

Within the Enerscapes project, [University of Maribor](#) organized the local event that took place in Moravske Toplice, Hotel Vivat, on the 15th of March, 2012.

Many experts from various fields took part, some from the energy technology field and some from the environmental area. The investors and constructors of the HPPs participated as well such as the environmental organizations Green Peace and Society for Mura River protection. Scenarios for the exploitation of RES had been presented and was continued with the debate. Many opinions and ideas were brought to the attention and as well as the suggestions for the future work.

Some of the experts who participated in the local events, invited the University of Maribor on additional meetings in order to reach the common ground on the scenarios for RES exploitation in the Pomurje Region.

Below you could see some pictures of the event.
