

On 27th May 2013 a Forum about the project Enerscapes, "Territory, Landscape and RES", will be held by [Lazio Region](#) in Rome, Via Cristoforo Colombo 212, Sala Tevere h.9.00.

The Forum is intended to present the **results of Enerscapes** project whose objective is to identify and evaluate the impact on Mediterranean territory and landscape of the diffusion of RES without an adequate legislative framework.

The Forum Agenda will focus on a Round Table where experts from local Administrations, University, Energy and Landscape Associations at national and local level will debate and expose possible solutions for an integrated planning.

You can view the full agenda [here](#) .
